MARIETTA, GEORGIA — MONDAY, MAY 26, 1952

FOUNDATION LAID — Completion of Marietta's second fire sub-station is expected within 60 days. The \$14,000 addition to the Marietta Fire Department, together with another sub-station recently completed on Roswell Street, will greatly strengthen fire protection

in Marietta. Chief Howard Schaffer says. The latest sub-station is being paid for out of a \$30,000 bond issue, the remainder being used to install a fire alarm system here. The station is located at the corner of Winn and Polk Streets across from Brumby Center.
